Children will be escorted from activity to activity by our staff.

Early Morning Option

8:00-9:00 am

Early Fun & Games

Carolyn Melbye

Enjoy the start of the day with games and activities that allow students to get going at their own pace.

Morning Options: 9:00am-12:00pm

Puppet Party

Puppet Showplace Theater

Enjoy the world of puppetry, as we learn how to build imaginary characters and bring them to life on stage! Each day features a new project, story, and lots of creative fun.

Lego City and Civic

Right Brain Curriculum

Run for mayor, open a business, and debate city issues. Build a fully-planned and intricately-designed Lego city, and govern it!

Full Day Options:

9:00am-4:30pm

Paper, Fabric, and String

Christina Wynveen

Design, glue, and embellish in this whimsical class where we'll incorporate yarn and cloth into daily artwork projects.

Morning Workout

Kitauna Parker

Stretch! Breathe! Move! Combine yoga poses with cardio, calisthenics, and a musical beat for a full body workout.

A Handful of Clay

Carolyn Melbye

Enjoy the wonders of clay in a pottery studio. Learn basic hand-building techniques and how to sculpt ceramic creations.

Creative Cartooning

Dani Schechner

Stretch, squash, bend, flatten, and fatten! Learn about basic shapes, proportion, facial expression, and perspective as we draw cartoon characters.

Cool Science

Dani Schechner

Curious kids who like to investigate will have a blast exploring slimy lab science and awesome experiments of all sorts.

Cooking Creations

Jen Burkin

We'll learn our way around the kitchen as we cook up delicious foods like homemade hummus and pitas, pizza pinwheels, veggie quesadillas, and strawberry shortcake.

Computer Lab: 2D Design

Rachel Eeva Wood

Learn how to draw, color, and add shapes and text to create eye-catching posters, personal logos, and digital artworks.

Computer Lab: 3D Design

Rachel Eeva Wood

Explore 3D design software to learn the basics of industrial design and architecture by constructing models of buildings, cars, or an item from your imagination.

Noontime Quiet Time or Swim

Mark Beshansky, Dani Schechner

After eating their bagged lunches, students may play board games, draw, or read quietly. Children aged 7 and older may opt to swim in the Tappan Street Pool.

Soccer & Gym Games

Mark Beshansky

Players of all levels will enjoy soccer and gym games that offer friendly competition and team building challenges, and focus on problem solving and creative thinking.

Make it in a Mold

Rachel Eeva Wood

Explore the wonders of sculpting by pouring and setting. Soap, lollipops, birdfeeders, and a plaster cast...these are all things we'll make in molds.

Baker's Delight

Dahlia Campbell

We'll have fun measuring, mixing, and whipping up yummy treats like biscotti, raspberry triangles, monster muffins, and cowboy cookies.

Incredible Insects

Kitauna Parker

Using examples of nature's most unique animals and environments as inspiration, we'll build landscapes filled with creatures that might be mistaken for science fiction illustration.

Painting Projects

Dani Cermenati

We'll work with watercolor in a variety of 2D and 3D projects ranging from landscapes to paper lanterns.

Mystery Art Box

Marcy Sacks

Invent something new each day from the mystery art box. Explore your creativity and make works of art that will wow our "mystery art panel".

Afternoon Option:

1:30-4:30pm

Video Production Basics

Brookline Interactive Group Staff

Get a crash course in all elements of video production. Learn how to operate a camera, film footage both in a studio and out in the field, and operate the control room for filming a television show.

Extended Day Options:

4:30-6:00 pm

Extended Day (All Ages)

Mark Beshansky

Students will have a variety of choices that may include art projects, board games, stories, drawing, or quiet time.

Archery (Ages 8 and up)

On Your Mark Archery

Have a great time learning the basics of archery, including safety, skill, technique, and scoring.
